

## km482 ROT ALKOHOLFREI

km482 – Lifeline of Rheinhessen, the Rhein River shapes the countryside. It runs between Worms and Mainz, mighty and broad. For more than 100 years, Rhein River kilometer 482 has been the place of origin of the unique wines of LOUIS GUNTRUM. Also home to the family since Louis Jean George Guntrum relocated LOUIS GUNTRUM Estate to Nierstein in 1909. He was fascinated by the pristine location on the river, which combined natural beauty and useful infrastructure in the early 20th century as much as today. The history of LOUIS GUNTRUM is intrinsically tied to the Rhein River. Today, the river is our inspiration for a new chapter in our family history – **km482@!**
